St Paul's Community Development Trust is a charity in Balsall Heath, Birmingham that has been established for very nearly half a century, working with and for the local community and wider City.

With a turnover of £2.9m, a staff team of over 90 dedicated professionals, the charity is a high performing and well respected organisation that delivers quality services to children, young people and families.

Regulated by Ofsted, we have two services rated outstanding and two services rated good. There is a nursery, early years provision, a secondary school for pupils with behavioral and social needs and an after school club. This demonstrates the quality and depth of the work we do in one of the most deprived neighbourhoods in the country.

In addition, our wonderful City Farm provides a host of well-being activities as well as visits from local families, schools, nurseries and other groups.

We have agreed the timetable for our mission to find the right person.
